

## HEARTH & HOME TECHNOLOGIES AT-A-GLANCE

Since the first air-circulating fireplace was patented in 1927, Heatilator® has become the most recognized and preferred fireplace brand among homebuilders. Heatilator Home Products™ extends our business beyond the hearth to include products that enhance a healthy home environment.

### HIGHLIGHTS/AWARDS:

- Redesigned and launched Novus™, the largest Heatilator® product family, continuing a best-in-class tradition in the gas fireplace segment.
- Won the hearth industry's Vesta Award that recognized the Silhouette™ electric fireplace as the best new electric fireplace on the market in 2003.

The leader in high-efficiency, durable, and stylish hearth products, the Quadra-Fire™ brand offers specialty channel partners the widest selection of high-performance fireplaces, stoves, and fireplace inserts in the wood, gas, pellet, and electric fuel categories.

### HIGHLIGHTS/AWARDS:

- 2003 product introductions included new wood- and pellet-burning stoves and fireplaces; wood and gas inserts and fireplace fronts; and electric stoves and fireplaces.
- The Quadra-Fire™ 7100 EPA Wood Fireplace won the Vesta Awards' "Best New Hearth Product for 2003" and "Best in Show in 2003."

The hearth industry's design and innovation leader, Heat-N-Glo® has been awarded more than 50 patents and is known for its innovative hearth technology. The Heat-N-Glo® brand now includes a complete line of gas, wood, and electric fireplaces, stoves and inserts, unique surrounds, and distinctive accessories — all designed to meet discriminating homeowners' desires for comfort, beauty, and elegance.

### HIGHLIGHTS/AWARDS:

New product introductions:

- Cutting Edge™ — the world's only customizable insert surround that allows for a natural stone finish at installation.
- Escape™ fireplace — the world's first and only direct-vent gas fireplace that has a complete masonry appearance inside and out — was a finalist for the Vesta award for "Best New Gas Fireplace."
- Vesta awarded the Dakota™ outdoor fireplace "Best New Outdoor Fireplace Product" in 2003, and also named Rekindler™ a finalist for "Best New Gas Insert."
- The Infinity™ fireplace won "Best New Product" from *Building Products* magazine, for its innovative combination of traditional masonry appearance and advanced venting and installation applications.

The Fireside Furnishings business is the preferred manufacturer for mantels and surrounds to complement Heatilator®, Heat-N-Glo®, or Quadra-Fire™ fireplaces. It builds the widest range of mantels, shelves, cabinets, and wall systems, from simple and inexpensive offerings to elegant and elaborate designs featuring custom millwork and imported stone.

### HIGHLIGHTS/AWARDS:

- Heritage Collection™ was named a 2003 Vesta Award Finalist for Mantels, Facings, and Surrounds.
